# Annual Report 2023

#### **GENERAL INFORMATION**

Ward County Appraisal District is a political subdivision of the State of Texas. The district boundaries are the same as those of Ward County. The Appraisal District is responsible for appraising property in Ward County for ad valorem tax purposes. The taxing entities served by the Appraisal District are Ward County, MWP ISD, GFR ISD, PBT ISD, City of Monahans, City of Grandfalls, City of Wickett, and Ward County Water Improvement District #2.

The provisions of the Texas Property Tax Code govern the legal, statutory, and administrative requirements of the Appraisal District. Annual reporting is in accordance with the comptroller, state law, and USPAP. All existing manuals are updated in accordance with comptroller standards. New policies and procedures are implemented as deemed necessary to comply with law or to improve district operations and customer service.

# **2023 RATIO STUDY ANALYSIS**

The results of the 2023 study are reflected in the recommendations of the appraiser.

<u>Category A</u> – After analysis, the sales in the ratio study indicate a median level of appraisal of 88% for residential properties. Manufactured home sales indicate a median of 65%. The sales price available was consideration due to the fact that most of the transactions indicated some sort of "vendor's lien". Sales that we non-arm's length, or considered outliers were omitted. For residential cost tables, the following recommendations are being made

Frame Classes 1 through 9: 25% upward adjustment

Brick Classes 6 through 9: 30% upward adjustment

Brick Classes 13 through 14: 10% upward adjustment

MANF HME S & D: 30% upward adjustment

<u>Category C/D</u> – Sales of Category C (vacant lots) indicate the need for an adjustment. Land tables have not been updated since 1993. Based on a median of 28%, with a somewhat limited sample, a conservative adjustment is recommended. At this time, it is recommended to adjust Square Foot Method tables by .05/sf.

<u>Category F</u> – Based upon commercial sales, although the sample is somewhat limited, at this time it is recommended adjust the "RV Space" tables to the following:

RV Space 1: \$1,000/space

RV Space 2: \$2,000/space

RV Space 3: \$3,000/space

<u>AG VALUES</u> – After analysis of surveys and information that was provided by the ag board, the following recommendations are made to be applied to ag schedules.

AP3 - \$4.90/ACRE

AP4 - \$4.41/ACRE

AP5 - \$3.92/ACRE

AP6 - \$3.68/ACRE

AP7 - \$2.45/ACRE

AP8 - \$1.96/ACRE

## BIENNIAL PROPERTY VALUE STUDY OR METHODS AND ASSISTANCE PROGRAM

PTAD (Property Tax Assistance Division of the Comptroller's Office) alternates between a Property Value Study (PVS) and a Methods and Assistance Program (MAP) review for each appraisal district in the State of Texas. Ward CAD has its PVS in even numbered years and its MAP review in odd numbered years.

The PVS is conducted to determine the degree of uniformity of and the median level of appraisal by the appraisal district to determine the taxable value of property for school funding purposes.

The MAP reviews the governance of the appraisal district, taxpayer assistance provided, and the operating and appraisal standards, procedures, and methodology used to determine compliance with generally accepted standards, procedures, and methodology.

#### **2023 MAP REVIEW**

The district had its biennial MAP reviews in 2023. The MAPS reviews the governance of the appraisal district, taxpayer assistance provided, and the operating and appraisal standards, procedures, and methodology used to compliance with generally accepted standards, procedures, and methodology. The comptroller's office submits recommendations that will allow the district to comply with laws, rules, regulations, appraisal practices or operating best practices. Recommendations must be implemented within one year. There were five mandatory pass/fail questions and four major areas of importance. The district's scoring was as follows:

Mandatory Requirements	PASS/FAIL
Does the appraisal district have up-to-date appraisal maps?	Pass
Is the implementation of the appraisal districts most recent reappraisal plan current?	Pass
Are the appraisal district's records up-to-date and is the appraisal district following established procedures and practices in the valuation of property?	Pass
Are values reproducible using the appraisal district's written procedures and appraisal records?	Pass

## 2023 APPEAL DATA

Ward CAD has an open door policy and works very well with the taxpayers and entities it serves. The CAD staff takes the time needed to listen to the property owner's concerns, explain to property owners how the appraisal and appeal process works and to answer any questions allowed by law. If the staff cannot answer a question or is not allowed to address an issue the property owner is directed to the Chief Appraiser or the Appraiser responsible for the property type in question. Most property owner issues are settled without the need of formal appeal. If the property owner and Appraisal District cannot come to an agreement then a formal hearing before the Appraisal Review Board (ARB) is scheduled.

The ARB is a quasi-judicial body appointed by the Ward CAD Board of Directors. The ARB is empowered to equalize values of all properties in the Appraisal District in relation to fair market value and to hear taxpayer appeals through hearings for those that dispute their value or other issues affecting the taxpayer. The ARB is charged with the function of providing an impartial review of the appraisal records prepared by the Appraisal District. The ARB does not work for the Appraisal District but rather, they arbitrate between the taxpayer and the Appraisal District to settle any disputes they are allowed by law to address.

The Board will consider written complaints about the policies and procedures of the Appraisal District, Appraisal Review Board, and the Board of Directors and any other matter within the jurisdiction of the Board of Directors.

The Board will not consider complaints addressing any of the grounds for challenge and protests before the Appraisal Review Board. The Board of Directors has no authority to overrule the Chief Appraiser or Appraisal Review Board's decision on value, correction, or protest.

If the Chief Appraiser (or Board Chairman) is investigating the complaint, he/she must report on the status of the complaint at least quarterly, to both the taxpayer and the Board until the complaint is resolved, unless notification would jeopardize an investigation.

If a complaint is filed that the Board must resolve, the Board shall notify the parties of the complaint unless notice would jeopardize an undercover investigation, at least quarterly and until final disposition of the complaint.

#### In order to file a complaint, the following procedures should be followed:

- 1. The complaint must be in writing and must adequately describe the specific facts, which give rise to the complaint.
- 2. The Chief Appraiser will research the complaint for remedies. If the complaint is against the Chief Appraiser, then the Board Chairman will do the research. If the Chief Appraiser and the taxpayer can resolve the problem, the Chief Appraiser will report along with the resolution to the Board at the next meeting. If the complaint cannot be resolved through this manner, the complaint will be placed on the agenda as an action item at the next meeting of the Board. At this meeting, the taxpayer will be given the opportunity to present the written complaint to the Board in person.
- 3. The taxpayer must give the Chief Appraiser or Board Chairman adequate time to research the complaint and attempt to resolve the situation. If the complaint must be presented to the Board, adequate time must be allowed in order for the district to call a meeting and comply with the posting requirements of the Open Meetings Act.
- 4. A taxpayer must further outline to the Chief Appraiser any special assistance or arrangements that will be required in order to make his presentation to the Board, such as translators for non-English speaking or deaf persons, or special needs of a person having any physical, mental, or development disability. This service must be requested at least 72 hours in advance of the meeting.
- 5. If a taxpayer has a physical impairment and cannot present his complaint in writing, the complaint can be recorded on cassette tape and the tape will be played for the Board in lieu of written complaint.

A written complaint may be filed with the Board at:
